SCHOOL PLEDGE

I promise myself,
To be strong and focused,
So nothing can disrupt my mind.
I am here to learn!
At Academic Solutions Academy,
I am responsible to make a change to exercise my right to learn.
A Change in how I complete my school work,
A Change in my attitude for success,
And a Change in how I support my future endeavors.

I am here to learn!
I am in control of my own education,
And to obtain my high school diploma.
No One can make me want this.
When I encounter a difficulty,
I will use my resources,
To find a solution,
And overcome the challenge.
I will NOT accept failure because I am Phenomenal.
No one or nothing can hinder my success,
And I will respect the same right for others.

I am here to learn!
It is not my parents,
My job,
The economy
Or the weather, that dictate my performance;
I can no longer make excuses for my actions.
No matter what happened in the past,
TODAY, I am making the change to take control of my future.
I am here to learn!

C. CODE OF CONDUCT

Academic Solutions Academy recognizes that a positive learning environment cannot exist without maintaining order and discipline conducive to learning. Broward County School's Code of Conduct is intended to standardize procedures to ensure that the rights of every student at the school are upheld.

All students at the school are required to know and follow Broward County Schools' Code of Conduct. When students do not follow the rules, they are expected to accept the consequences. A student's attitude towards these rules is very important.

Corporal punishment is not permitted. No employee shall threaten, inflict or cause to be inflicted unreasonable, irrational, or inappropriate force upon a student. Good sense and judgment should always prevail.

The rules of the Code of Conduct apply to any conduct whether the student is:

1. On School grounds during the school day or immediately before or after school hours;
2. On school grounds at any other time when the school is being used by a school group;
3. On or off school grounds at any school activity, function, or event; or
4. Traveling to and from school, including actions on any school bus, van or
5. Public conveyance.

Under this Code of Conduct, the following definitions will apply:

Student: a person-adult (18 years old) or minor-enrolled in ASA.

Parent: (a) an official caregiver of a minor child, including but not limited to mother, father, step-parent, grandparent, or court-appointed guardian, including DHS workers and /or group home employees as identified at the time of admission or amended in writing thereafter, or an emancipated minor (proof required);

(b) for young adult student aged 18-21, parent or guardian with whom the student currently resides;

(c) for married and independent adult, students aged 18-21.

When students do not follow the rules and expectations outlined in the Code of Student Conduct policy, one or more of the following actions may be taken until the problem is resolved. Refer to Page 56-58 in the Student Code of Conduct Section IX Interventions and/or Consequences:

Possible Interventions and/or Consequences of Misbehavior

The School will make every reasonable effort to correct student misbehavior through school-based resources at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. The vast majority of disciplinary issues should be addressed at the classroom level by teachers. Additionally, students exhibiting serious or chronic behavior issues will be referred to the school's Collaborative Problem Solving Team (CPST) for the development of multi-tiered interventions to address targeted behavior problems. For an overview of the Collaborative Problem Solving and Response to Intervention (CPS/RtI) process, see the following link or speak to administration: <https://www.browardschools.com/Page/32437>;

Pursuant to F.S. §1006.08 and F.S. §1003.31, students who commit violent or disruptive behaviors that may pose a threat to the safety of school staff or students shall be assigned to an alternative educational program or referred to mental health services identified by the school district. Pursuant to F.S. §1006.07(7), referral to mental health services shall be in consultation with the threat assessment team.

In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or prosecutorial action taken against a student who violates this policy must be based on particular circumstances of the student's misconduct.

It will not be necessary to use each consequence or to use consequences in the order listed below. However, as provided in the Discipline Matrix, certain rule violations do require specific consequences. The District's Discipline Matrix is attached and also available on the District's website at: <https://www.browardschools.com/codeofconduct>;

Consequences of Serious Misbehavior Leading to Suspension and/or Expulsion (Sections II-V of SB Policy 5006: Discipline Policy: Suspensions and/or Expulsion)

The Code also includes provisions for action that **MUST** be taken if there are serious problems involving weapons, drugs (including alcohol), mood-altering substances, steroids, and criminal acts. Specific action, outlined in SB Policy 5006, will be taken as a result of these violations. However, if the principal determines that the student used an instrument or object in self-defense, the student may not be suspended or expelled. Self-defense is an attempt to "prevent" an attack or a threatened injury or to stop the process of confrontation. It is not self-defense when the student uses an instrument/object to become an aggressor or to continue the confrontation after the original aggressor has retreated.

SB Policy 5006 outlines all the violations that result in out-of-school suspension and expulsion and/or the consequences. You may view the complete suspension/expulsion policy and all School Board policies on the Web at: <http://www.broward.k12.fl.us/sbbcpolicies/>;

All violations under SB Policy 5006 will involve the following steps: • Principal involvement • Immediate parent contact

Suspension from school grounds, all classes, and all school activities • Referral to Special Investigative Unit and police, as specified in Policy 5006, Section VI

When, by the school's administration, a student is removed from school and school-related activities on or off school grounds.

EXPULSION:

When, by action of the School Board, a student is removed from school and school-related activities on or off school grounds.

ZERO TOLERANCE:

Pursuant to F.S. §1006.13, District school boards shall promote a safe and supportive learning environment in schools by protecting students and staff from conduct that poses a serious threat to school safety. A threat

assessment team may use alternatives to expulsion or referral to law enforcement agencies to address disruptive behavior through restitution, civil citation, teen court, neighborhood restorative justice, or similar programs. Zero-tolerance policies may not be rigorously applied to petty acts of misconduct and misdemeanors, including, but not limited to, minor fights or disturbances. Zero-tolerance policies must apply equally to all students regardless of their economic status, race, or disability.

The threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety.

Zero-tolerance policies do not require the reporting of petty acts of misconduct and misdemeanors to a law enforcement agency, including, but not limited to, disorderly conduct, simple assault or battery, affray, theft of less than \$300, trespassing, and vandalism of less than \$1,000. However, if a student commits more than one misdemeanor, the threat assessment team must consult with law enforcement to determine if the act should be reported to law enforcement.

Note: A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies unless the use of such alternatives will pose a threat to school safety.

D. RIGHT TO APPEAL AND GRIEVANCE PROCEDURES

RIGHT TO AN APPEAL:

There may be times when students believe they have been unfairly penalized. Most problems can be solved if students speak with the teacher or staff member who was involved. If students feel uncomfortable with this person, they may request a conference with the next level of authority. Students may also request the presence of a third party, such as a counselor, assistant principal, other staff person, translator, interpreter, or attorney. Parents also have the right to be included.

If talking things over does not solve the problem, the following steps may be taken:

1. A written statement must be presented to the principal within five (5) school days after the last conference. The statement must tell what happened, when it happened, who was involved, and how the student would like the problem resolved. A copy of the statement should be filed and maintained as an educational record. The principal or the administrator with the most knowledge of the incident has 5 school days to respond in writing.
2. If the problem still has not been resolved within five (5) school days from receipt of the school's written response, the student/parent(s) may request in writing, an appointment with the Director/designee of the Office of Service Quality. The letter asking for the appointment must include a copy of the first written statement and the school's response, if one was received.

In the case of Charter Schools: If the problem has not been resolved within five (5) school days from receipt of the school's written response, the charter school student/parent(s) may request, in writing, a meeting with the Governing Board.

E. CHANGE OF PERSONAL CONTACT INFORMATION

It is the parents and student's responsibility to inform Academic Solutions Academy of any change of address or telephone number. Any other relevant information must also be updated in the office as soon as possible.

ACADEMICS

A. THE CURRICULUM

Academic Solutions Academy (ASA) provides students with an education that is aligned with Florida Standards and the Florida Standard Assessments. Student will be provided an environment that creates new knowledge through building on existing knowledge. Students will receive small group instruction, whole group instruction, individual one-to-one instruction, and career exploration. Students will be prepared and encouraged to pursue higher education by teaching them how to learn, change, and grow. Utilizing technology and life management skills will play a pivotal role in this development. Students will be empowered to seek out career opportunities and training. Students will learn they can accept challenges but achieve their goals through hard work and dedication.

Studies have revealed that the use of several computer-based curriculums can help students, especially those with varying learning styles, to procure learning gains. Therefore, ASA will utilize several computer-based curriculums to help students become successful.

The following will be utilized: Edgenuity, E-Dynamics, Power School, Power Teacher, Rewards, Rewards Science, Rewards Social Studies, Read-180, Math 180, Saavas and Naviance. Some of the methodologies below will be used to prepare students for success.

- ✓ Align to state and national standards.
- ✓ Increase student options to fulfill high school graduation requirements.
- ✓ Provide rigor and support for all learning needs.
- ✓ Use current digital media to engage students.
- ✓ Create an alternative learning environment for students who don't thrive in a traditional classroom.
- ✓ Allow students to overcome the one-size-fits-all pace of most schools.
- ✓ Prepare students for college, work, and life.

Edgenuity is a new option for students who need to recover credits from classes that they have failed. What makes this program unique is that it is a digital curriculum that will allow students the flexibility to earn credits.

The benefits of Edgenuity over traditional credit recovery are:

- ✓ Students can work at their own pace.
- ✓ Students can review lessons they don't understand on an as needed basis.
- ✓ Students can speed through lessons they already understand.
- ✓ Students can recover multiple classes during one semester.
- ✓ Student can finish their class in several weeks.

Information for Students

Attendance/Participation

Attendance is just as important in your Edgenuity portal as it is in the classroom. Students are expected to attend all scheduled class meetings. Failure to attend class regularly may result in removal from the Edgenuity program.

Participation in Edgenuity is not the same as in a traditional class. In Edgenuity, participation means that the student is logging into his/her course and making progress. Failure to participate in 14 calendar days results in the Edgenuity system removing the student. This type of removal, removes the student's ability to log in and access their academic accounts until contact is made with the teacher. The teacher may then reactivate the student account and restore student work.

Grading

Edgenuity uses an educational model known as Mastery Based Learning. This means that the student must demonstrate mastery of each topic in the course in order to pass. Most Public Schools have decided that mastery is demonstrated at 80% and above. This means that in Edgenuity any score below 80% is not considered passing. Unlike a traditional classroom, students who do not achieve mastery on a topic are expected to return to the topic and study until mastery is achieved. One benefit to this system is that every student who finishes a class will receive the higher grades on their transcript.

Progress

One of the major differences between Edgenuity and the traditional classroom is that progress is student driven, not teacher driven. This means that it is the responsibility of the student to ensure he/she is keeping up a pace that allows the class to be finished by the end of the school year. One way the program will help students stay on track is by assigning due dates to all assignments within the course.

Due dates will be visible on every student course dashboard

Student progress will be reported in the Parent Portal which will reflect grades on completed assignments. Grades in the Parent Portal will reflect the percentage of assignments completed that are due. For example, let's say a student has a total of 10 assignments that were due before today. If that student has completed 8 of those assignments, his/her progress grade that week would be 80%. The grades that are reported in the Parent Portal are to track current progress ONLY.

These grades will not appear on student transcripts. The only grade that will appear on the transcript is the final Edgenuity course grade (when the course is completed and passed).

Course Completion

In order to complete a Edgenuity course, ALL assignments MUST BE COMPLETED with a grade of 80% or higher, Notes/Guided Notes turned in, a minimum of 40 hours online and 20 hours direct instruction. This means that a student cannot receive a final grade for the course until he/she has finished each assignment with a grade of 80% or more, turned in notebook/notes and the time spent in the class must be of minimum. Students are allowed to return to any assignment that has not been passed and work on that assignment until it is passed. Once a course is complete, the student will receive the final grade earned in the Edgenuity system. That grade will be entered on the student's transcript as the recovered course name.

Completing Assignments

Each time a student begins a lesson; he/she should locate the lesson's Objectives and write it in their notebook. This is an outline for the lesson that the student will learn. Students should take notes on each concept and complete the review while reading the lesson material. It is also a good idea to take additional notes while reading the material because not all questions on the assessment will be on the study guides. Once the student feels comfortable with the material, he/she may complete the assignment.

Most courses can be completed within weeks; these include:

- ✓ Quizzes/Notebooks,
- ✓ Semester Project/Presentation,
- ✓ Journals/Discussions,
- ✓ Post Tests (Mandatory to be completed in School).

Reattempting Failed Assignments

If a student has trouble earning a passing scores on a quiz/post-test in Edgenuity, the teacher will assist as follows and ensure students follow these directions:

1. Return to the lesson covered by the failed assignment.
2. Ensure the lesson's "Study Sheet" is completed and correct.
3. View responses to the assignment.
4. For each response that is incorrect or labelled "Second Attempt" the student should redo. (The system will not allow the same question to be given more than one time, so the questions will always be different. However, the questions always cover the same topics).
5. For each missed topic, the student should take at least a paragraph of notes.
6. Show the study sheets and notes to their teacher and attend MINI LESSON Direct Instruction related to content. Then teacher will let student have another attempt at the assignment.

Teacher will utilize a blended approach to ensure that students reach their academic goals. Direct teacher instruction lessons will be based on reports from Edgenuity progress. Student will be grouped according to content and given instruction based on deficiencies from their lesson. Direct Instruction will take place for students participating in an EOC or FSA course. This form of instruction is mandatory and will ensure that the student is prepared to pass the exam.

B. ACADEMIC SESSIONS

There are 2 semesters: the first one begins in August and the second semester will end around the first week of June. However, students have two academic sessions to choose from.

(7:00 A.M. to 12:00 P.M.) - (12:00 P.M. to 5 P.M.)

C. GRADING

Each student is required to complete his or her coursework. Students must receive 80% or better in order to pass.

Each student is also required to keep a portfolio of his/her accomplishments. The portfolio is reviewed by the school's Graduation Committee, Administrator, and the Board of Trustees before the student is deemed ready for graduation.

Grading Periods:

Student will:

- ✓ Take quizzes or tests, daily, weekly or monthly,
- ✓ Receive 1 progress report each five weeks,

- ✓ Receive 1 progress report card every nine weeks,
- ✓ Have in their personal file Prescribe Instructional Plan.

Grades:

Grades will be noted numerically in a scale of 0-100. It will be recorded in your child's report card in numbers and letters

Weekly grade:

Student will be graded Daily. This note will include:

- ✓ Edgenuity Learning: 50%
- ✓ Direct Instruction: 40%
- ✓ Project 10%

Quarterly grade:

- ✓ Average of the weekly grade.
- ✓ Average of the monthly tests.

Final Grade:

- ✓ Average of the marking periods and class project.

Homework:

Homework will be given according to each student's Prescribe Instruction Plan (PIP). Homework will be individualized to help student get caught up on their work. All incomplete homework will affect 30% of the weekly grade. All students are encouraged to log into the Digital Curriculum (Edgenuity) to take notes on the next lesson or complete quizzes at home.

D. CONFERENCES/OPEN HOUSE

Process for Scheduling Parent Conferences

1. Parents can contact the front office to schedule a parent/teacher conference.
2. Scheduling of 15 minute sessions is available to all parents.
3. Translators will be available if needed.
4. School will telephone parents to remind them of appointments.

These are held once a week between 4:00 p.m. – 5:00 p.m. Teaching/administrative staff at ASA will call to invite you to a parent/teacher conference with your child's teachers. Additionally, if you prefer, you can call in and make an appointment during the specified times. These meetings are held for the purpose of increasing your understanding of the progress your child is making.

1. The school will contact parents to schedule conference.
2. Send home reminders one week before the conferences.
3. Phone calls/email to parent's days before the meeting.
4. Contact parents who do not show up and try to reschedule.

We will have an open house each year to give parents the opportunity to meet with their teachers/staff. Conferences are strongly encouraged throughout the year and again, should parents need to meet a teacher, they need to request a conference.

E. TRANSFERRING CREDITS

- 2. General Requirements for Users.** It is the policy of the School to maintain an environment that promotes ethical and responsible conduct in all online network activities by staff and students. In limited circumstances, students may be permitted to access social media platforms when expressly directed by a teacher to do so and solely for educational purposes. Staff members may also access social media accounts that are maintained on behalf of the School and related to the staff member's job duties. Prior to requiring students to use online content, staff must confirm that the content is not blocked by the student internet filter. Staff may make a request to their supervisor that blocked content or social media platforms be reviewed and temporarily unblocked for educational purposes. - 7. School's Responsibilities.** In order to ensure network safety and enforce the provisions of this policy, the School's administration will implement the following measures:
 - a) Provide internal and external controls as appropriate and feasible that restrict access to content, including implementing a network filtering system that is designed to block access to prohibited or restricted content on the School's networks and on any School-issued device. Violations of this policy may result in revocation of network access rights and further disciplinary action. Students that violate this policy will be disciplined in accordance with the Code of Student Conduct. Staff members that violate this policy will be subject to disciplinary action up to and including termination. Any criminal activity will be reported to law enforcement.

5.) Parent Notification and Access to Information

Parents of charter school students have a right to the timely notification of threats, unlawful acts, and significant emergencies. If there is a threat to the health and safety of students and faculty on school grounds, during school transportation, or during school-sponsored activities, the Principal, or a designee, will provide parents with timely notification of the incident. In the case of an imminent threat of harm to students, including an active assailant incident or hostage situation, notification to parents must be made as soon as practicable. Such notification should be made in consultation with local law enforcement and first responders in order to avoid compromising the safety of students and the efficacy of the emergency response and investigation.

The extent of the information provided in the notice will depend on the individual circumstances of the event. In determining the content of notifications to parents, school personnel must consider including specific information about the threat or incident necessary to inform parents and safeguard the community as determined by the threat assessment team or the Principal. Such information may include the date and time of the incident, the location and nature of the threat or incident, how and whether the threat or incident was resolved, a description of the suspect (where applicable), crime prevention and safety tips, and crime and threat reporting information. The administration will also consult with law enforcement for all Level I and Level II SESIR offenses, as identified in Rule 6A-1.0017, Florida Administrative Code. This is not intended to limit the authority of school personnel to involve law enforcement in any matter relating to a suspected or actual violation of the law or in any other circumstance warranting the involvement of law enforcement.

8.) Safe-School Officer

The school shall comply with Section 1006.12, Florida Statutes, and ensure that a safe-school officer is present on campus during the school day when the campus is open for instruction. Academic Solutions Academy has adopted a separate Guardian Policy which addresses the requirements for Guardians, which is incorporated herein as Exhibit “E.”

The mobile panic alert system will meet the requirements set forth in Section 1006.07(4)(c), Florida Statutes. The mobile panic alert systems must include mobile devices placed throughout the school campus. In determining the number and placement of devices needed to afford all staff members the ability to silently and easily activate the panic alert in the event of an on-campus emergency, the school must consider using a combination of fixed panic alert buttons, mobile and desktop applications, landline phone capabilities, and wearable panic alerts (such as on a lanyard).

11.) Florida Safe Schools Assessment Tool (FSSAT)

In order for the Broward School Safety Specialist to complete the school security risk assessment at the school, school personnel will cooperate with the School Safety Specialist's requests for information and access. The Board and administration must ensure that any information needed for required reporting of safety information within FSSAT is timely provided to Broward according to their policies, as necessary. The school will also cooperate with the Broward School Safety Specialist in allowing first responders and public safety agencies to tour the campus every three years to provide recommendations related to school safety.

12.) Emergency Drills

The School Safety Plan will clearly document the procedures and details for drills and emergency evacuations. All students and staff members shall be made aware of the plan. Maps highlighting the escape routes for fire drills will be posted in all school rooms and provided to students and staff if requested.

- **Requirements for Drills:** All persons on the campus during an emergency or fire drill must participate in the drill. During emergency drills, fire drills, and during actual emergencies, Academic Solutions Academy staff will use plain language to communicate the nature of the emergency and instructions to students and staff. Plain language means communication that can be understood by the intended audience, which is free of coded language, jargon, and acronyms, and meets the purpose of the communicator. Academic Solutions Academy will vary the conditions of emergency drills and fire drills. Drills must be held at both expected and unexpected times and under varying conditions that require school staff, students, and building occupants to take protective actions based on the specific circumstances of the simulated incident. The time of day in which emergency drills and fire drills are held must be varied. In setting the drill schedule, the Academic Solutions Academy administration must consider drills beginning at nonstandard times, such as within an hour of the start of the school day, during lunch, when students are between classes, or within an hour of the end of the school day. Emergency drills and fire drills must test all applicable functions included in the

threat scenario, such as panic buttons, participant movement (lockdown, shelter-in-place, or evacuation), simulated communications with first responders, notification to parents, and appropriate protective actions, such as turning off lights, and covering windows. Emergency drills and fire drills must be conducted in accordance with developmentally appropriate and age-appropriate procedures.

- **Frequency:** Fire drills must be completed monthly or as often as otherwise required under Florida's Fire Prevention Code. Academic Solutions Academy will conduct six (6) emergency drills every school year that are nonconcurrent with fire drills. One (1) emergency drill must take place within the first ten (10) days of the beginning of the school year, and the remaining drills must take place at least every forty-five (45) days that school is in session. Four (4) of the six (6) emergency drills must address active threats. The remaining two (2) drills must address other emergency events, such as severe weather, natural disasters, hazardous materials, or reunification. Law enforcement officers must be physically present on each school campus and directly involved in the execution of active assailant emergency drills, unless their presence is determined to be unnecessary by the sheriff.
- **After Action Reports:** An after-action report must be completed following each emergency drill and fire drill. After-action reports must identify the type of drill, location and date of the drill, participants, and involvement of law enforcement or other public safety agencies. In addition, the after-action report must describe actions taken by participants, must analyze areas of success and areas where improvement is needed, and include input from public safety agencies and a plan for corrective action. After-action reports must be submitted to the Broward School Safety Specialist for review fifteen (15) calendar days following drill completion, or as otherwise required by Broward.

13.) Hurricane Closures

The organization will follow the same emergency closures as Broward Parents should monitor local news outlets during inclement weather. If the public schools are closed, Academic Solutions Academy will also be closed. In the event that multiple closures occur and time must be made up, school days will be added according to the adopted amended school calendar by the school's governing board.

14.) Submission of Documents to District

All relevant forms and documents may be found in the Emergency Binder at the front desk. Academic Solutions Academy will timely submit all required documentation related to school safety, including, but not limited to, the following: Broward.

THREAT MANAGEMENT POLICY

Effective Date:

Academic Solutions Academy, Inc. (the “School”) shall establish a “**School Based Threat Management Team**” or “**SBTMT**” in accordance with Section 1006.07(7), F.S.. The primary purpose of a SBTMT is to minimize the risk of violence at the school. The SBTMT is responsible for the coordination of resources and assessment and intervention of individuals whose behavior may pose a threat to the safety of school staff or students.

A. Definitions.

- “**District Threat Management Coordinator**” or “**DTMC**” means the School District employee that oversees threat management at all K-12 schools, including charter schools contracted by or under contract with the district.
- “**Florida Harm Prevention and Threat Management Model**” or “**Florida Model**” means the Florida-specific behavioral threat management process required by Section 1001.212(12), F.S. The Florida Model consists of the Florida Threat Management Manual and the Florida Harm Prevention and Threat Management Instrument (“Instrument”). Under the Florida Model, threats and reports of concerning behavior or concerning communications are categorized as having a low, medium, or high level of concern.
- “**School-based mental health services provider**” means a school psychologist certified under Rule 6A4.0311, F.A.C., a school social worker certified under Rule 6A-4.035, F.A.C., a school counselor certified under Rule 6A-4.0181, F.A.C., or a mental health professional licensed under Chapter 490 or 491, F.S., who is employed or contracted by the District or the School to provide mental health services.
- “**Statewide Threat Management Portal**” or “**STMP**” means the instrument managed by the Office of Safe Schools at such time as it comes available and as referenced in Rule 6A-1.0018, F.A.C.
- “**Student Support Management Plan**” or “**SSMP**” means an ongoing intervention and monitoring plan implemented by the SBTMT. The SSMP may impose requirements on a student of concern for a defined period of time based on the level of concern. The SSMP is reviewed each month by the SBTMT.
- “**Reasonable effort to notify**” means the exercise of reasonable diligence and care to make contact with the student’s parent or guardian, typically through the contact information shared by the parent or guardian with the School.
- “**Threat Assessment**” means the protocols used to assess concerning behavior and threats. Threat assessment protocols are a series of documents, also referred to as a “threat assessment instrument,” comprised of an intake and disposition form; student of concern questionnaire; parent/guardian questionnaire; witness/target of violence questionnaire; teacher survey; and mental health assessments used to help evaluate whether behaviors or communications indicate that a student poses a risk of harm and what services are appropriate to mitigate that risk. The threat

assessment process results in comprehensive information gathering from multidisciplinary sources, including law enforcement, mental health, and school records.

- **“Threat Management”** means the systematic, fact-based method designed to identify, using threat assessment protocols, whether behaviors or communications constitute a concern for violence or harm to another person. Upon a determination that a risk of violence exists, the threat management process then results in determining the level of concern and appropriate management of the person posing the concern to mitigate the risk of harm and remove them from the pathway to violence. The SSMP is part of the threat management process. The threat management process is ongoing and ends only when the SBTMT deems it appropriate under the circumstances, or responsibility is transferred to another Threat Management Team.

B. Florida Model Threat Assessments

- The School must have a SBTMT comprised of four members (the “Core Four”), at a minimum, including persons with expertise in counseling, instruction, school administration, and law enforcement. The Principal is responsible for appointing team members. The SBTMT must also include a member with personal knowledge of the student of concern who is the subject of threat management. Team members must meet the following requirements:
 - The counseling team member must be a school-based mental health services provider that is able to access student mental health records. This must not be the Principal, or equivalent
 - The instructional team member must meet the definition of instructional personnel under Section 1012.01(2)(a)-(d), F.S., or must hold a current Florida Educator Certificate under Section 1012.56, F.S. This must not be the Principal, or equivalent
 - The School administrator team member must meet the definition of administrative personnel found in Section 1012.01(3), F.S. This should not be the Principal unless they are the only administrator at the School. In the event the Principal is the only administrator at the School, the Principal must notify the district’s DTMC.
 - The law enforcement team member must be a sworn law enforcement officer, as defined by Section 943.10(1), F.S., including a School Resource Office, school-safety officer, or other active law enforcement officer. At a minimum, a law enforcement officer serving on a SBTMT must have access to local Records Management System information, the Criminal Justice Information System, and the Florida Crime Information Center and National Crime Information Center databases. Officers serving on school-based SBTMTs must also have clearance to review Criminal Justice Information and Criminal History Record Information. A school guardian, as defined under Section 1006.12(3), F.S., or a school security guard, as defined under Section 1006.12(4), F.S., may not serve as the law enforcement member of a SBTMT. This must not be the Principal, or equivalent.
 - If none of the team members are familiar with the student of concern, the SBTMT Chair must assign an instructional staff member who is familiar with the student to consult with and provide background information to the SBTMT.
 - The Principal must appoint a Chair and Vice Chair of the SBTMT. The Chair serves as the point person for threat management at the school-level and is responsible for triaging reported threats or concerning behavior and communications to determine whether the matter should be summarily closed or whether it should be reviewed by the full SBTMT. The Vice Chair will serve as Chair when the Chair is unavailable.

- The SBTMT must follow the following procedures in accordance with state law and administrative rule:
 - The SBTMT must use the Florida Model to assess the behavior of students who may pose a threat of harm to themselves or others and to coordinate intervention and services for such students. All reported threats or concerning behaviors and communications, even those determined to be unfounded, must be documented by the SBTMT along with any resultant action, using the Florida Model Instrument.
 - The SBTMT may meet as often as necessary to address applicable threats. If the SBTMT meets to address a threat, it is not required to hold another meeting during the same month unless an additional applicable threat or event arises. In any month with no applicable threats or events, the Core Four must meet at least once to discuss the general affairs of the SBTMT. Every meeting of the full SBTMT or the Core Four must include a record of attendees, any cases discussed (if applicable), other matters addressed, actions taken, and the date and time of the meeting. The SBTMT must refer individuals for crisis intervention or mental health services as necessary pursuant to s.112.584(4) F.S. and refer for self-harm as necessary pursuant to s.394.463, F.S.
 - The SBTMT must report quantitative data about the threat assessments team's activities to the Office of Safe Schools, as required by law.

C. Training Requirements

- The SBTMT must be designated before the start of the school year. Team members who have not previously completed training must complete Day One Florida Model Training before the start of the school year. Those appointed to SBTMTs after the start of the school year must complete Day One Florida Model Training within sixty calendar (60) days of appointment. Team members who have been fully trained in a previous school year must complete an annual refresher training provided by the Office within the first sixty (60) days of school.
- Any team member who does not complete the annual refresher within the first sixty (60) calendar days of school must not serve on the SBTMT in any capacity until such time as they retake and successfully complete Day One Florida Model Training.

D. Notification

The School must notify in the following circumstances:

- If the SBTMT Chair determines the report of a concerning behavior or threat is a Low level of concern and summarily closes the case, the Chair must use reasonable efforts to notify the parent or guardian of the student of concern.
- If the Chair does not summarily close the case and refers it to the SBTMT, reasonable efforts must be made to notify the student of concern's parent or guardian on the same day the SBTMT assigns the preliminary and final level of concern.
- If the preliminary level of concern is High, the SBTMT Chair must notify the superintendent or designee to ensure that the notice requirements of Section 1006.07(7)(e), F.S., are met.

- Parents or guardians must also be notified if the threat management process reveals information about their student’s mental, emotional, or physical health or well-being, or results in a change in related services or monitoring, including but not limited to implementation of an SSMP.
- Once an SSMP is finalized and anytime it is substantively revised, the SBTMT Chair must provide a copy of the SSMP to the student of concern’s parent or guardian. The targeted student's parent or guardian should also be informed that an SSMP has been implemented.
- Where a report of concern includes an identified student target, the Chair must make a reasonable effort to notify the parent or guardian of the targeted student before the end of the school day that the report was received unless the Chair has determined the concern is unfounded. As provided for in the Florida Harm Prevention and Threat Management Manual, the unfounded summary disposition should only be used when it is clear and articulable that there is no basis for concern. If there is any doubt, the case should be forwarded to the SBTMT for further evaluation and parent notification should occur.
- Nothing herein prevents the School from notifying parents or guardians if they believe it is in the best interest of the student.

The SBTMT Chair must document all attempts to make contact with the parent or guardian. Timelines for required notice may be modified where the SBTMT reasonably believes and documents that such disclosure would result in abuse, abandonment, or neglect, as defined in Section 39.01, F.S.

E. Education

- Annually, Students, Faculty, and Staff must be provided guidance for identifying and reporting concerning behavior or threats. Students may report concerning behavior on FortifyFL, to their teacher, any staff member, or directly to the Principal. Staff members who have received a report from a child or need to make their own report must report immediately and directly to the Principal.
- Upon receiving reports of threats or concerning behavior, if necessary, the Principal or their designee will make referrals to mental health services, pursuant to Section 1012.584(4), F.S., or referrals for threats of self-harm, consistent with Section 394.463, F.S.

F. Reporting & Sharing Information

- Threat assessments and records related to threat management are considered education records as defined by the Family Educational Rights and Privacy Act (“FERPA”) and Sections 1002.22 and 1002.221, F.S. Policies relating to access, maintenance, and retention of these records must be consistent with Rule 6A-1.0955, F.A.C., Education Records.
- Upon a preliminary determination by the SBTMT that a student poses a threat of violence to himself or herself or others or exhibits significantly disruptive behavior or need for assistance, authorized members of the SBTMT may obtain criminal history record information about the student. A member of a SBTMT may not disclose any criminal history record information obtained pursuant to this section or otherwise use any record of an individual beyond the purpose for which such disclosure was made to the SBTMT.
- All school personnel will report to the Principal about any individual who is suspected of posing a threat to school safety. If the threat is imminent, the Principal may take any necessary action to avert

a crisis situation but will report the incident to the SBTMT as soon as feasible. Otherwise, the Principal will convene the SBTMT to assess the threat.

- Upon a preliminary determination that a student poses a threat of violence or physical harm to himself or herself or others, the SBTMT shall immediately report its determination to the Principal, or his or her designee. The Principal, or his or her designee, shall immediately attempt to notify the student's parent or legal guardian. Nothing in this subsection shall preclude school personnel from acting immediately to address an imminent threat.
- The School will comply with all documentation and reporting requirements, as required by law, including meeting documentation requirements to be provided to the school district pursuant to Rule 6A-1.0019(4)(f), F.A.C.
- The School will comply with all data reporting requirements, including the STMP, as required by applicable law and administrative rules.
